NEXGEN FOUNTAIN SOLUTIONS

For large, medium and small size Web offset printing presses

COLDSET - NEWSPAPER PRESSES

NexGen News Eco Fount Standard Fountain Solution for newspaper presses. PH-buffered, allows fast roll-up of the plate, minimizes piling in blankets, widely used.

NexGen News Premium Fount

High performance Fountain Solution with excellent roll-up and plate protection, mild acid, specialized formulation reduces water take up, additional corrosion protection

NEXGEN FOUNTAIN SOLUTIONS

For large, medium and small size Sheetfed offset printing presses

NexGen Eco Fount

Universal Fountain Solution with a strong and effective pH- buffer. Allows rapid 'roll-up' of the plates, inhibits corrosion and prevents calcium build presses. In alcohol dampening systems a reduction of Isopropyl alcohol is possible.

NexGen Ultra Fount

Medium performance Fountain Solution for medium to large and modern, fast running presses, stable ink and water balance, contains calcium blocker and anti-bleeding additives.

NexGen Premium Fount

High performance Fountain Solution for medium to large and modern, fast running presses reducing dosing of IPA 3-6% stable ink and water balance, contains calcium blocker and anti-bleeding additives.

NexGen One step Fount

For alcohol-free offset printing with appropriate press configuration and setting elimination of IPA is possible

FOUNTAIN SOLUTION ADDITIVES

For large, medium and small size offset printing presses

Fountain Solution Additives

NexGen Super/X-cel/X-press
Superior and Economical IPA solutions.

PLATE CLEANERS

For cleaning, conditioning and activation of printing plates.

NexGen Plate Cleaner

Very intensive. Removes scum, background toning, ink residues, oxidation and slight scratches.

NexGen Eco Plate Cleaner

Cleans intensively but very gently, removing background toning and ink residues.

NexGen Plates Storage Gum

NexGen Unigum for manual plates storage.

NexGen Pro gum for ctp/ctcp processor applications.

BLANKETS AND ROLLER WASHES

NexGen Auto Wash

Wash for Automatic Blanket + Roller Cleaning Systems For Heidelberg, MAN Roland, Koebau, Baldwin Blanket Cleaning Systems.

NexGen Premium Wash

Premium Wash with a strong cleaning power, cleans thoroughly, very economical: water miscible up to 50% for one step removal of ink and water soluble residues.

Washes for UV inks - on UV rollers and blankets with high solvency power.

NexGen UV Eco Wash

for manual cleaning - good evaporation.

NexGen UV Premium Wash

for manual and automatic cleaning - medium evaporation.

Cleaners and Rejuvenators

NexGen Roller Paste / Liquid

Used on the ink rollers they gently and thoroughly remove stubborn residues of glaze, ink and paper. Revitalizes the Rubber for better inks Splitting.
